HELP! In case of Accidents.

Drowning. 1. Loosen clothing, if any. 2. Empty Lungs of water by laying body on its stomach and lifting it by the middle so that the head hangs down. Jerk the body a few times. 3. Pull tongue forward, using handkerchief, or pin with string, if necessary. 4. Imitate motion of respiration by alternately compressing and expanding the lower ribs, about twenty times a minute. Alternately raising and lowering the arms from the sides up above the head will stimulate the action of the lungs. Let it be done gently but persistently. 5. Apply warmth and friction to extremities. 6. By holding tongue forward, closing the nostrils and pressing the "Adam's apple" back, (so as to close entrance to stomach), direct inflation may be tried. Take a deep breath and breathe it forcibly into the mouth of patient, compress the chest to expel the air, and repeat the operation. 7. **DON'T GIVE UP!** People have been saved after HOURS of patient, vigorous effort. 8. When breathing begins, get patient into a warm bed, give WARM drinks, or spirits in teaspoonfuls, fresh air and quiet.

Burns and Scalds. Cover with Cooking Soda and lay wet cloths over it. Whites of Eggs and Olive Oil. Olive or Linseed Oil, plain, or mixed with Chalk or Whiting.

Lightning. Dash cold water over a person struck.

Sunstroke. Loosen clothing. Get patient into shade, and apply ice-cold water to head.

Mad Dog or Snake Bite. Tie cord tight above wound. Suck the wound and cauterize with caustic or white-hot iron at once, or cut out adjoining parts with a sharp knife.

Venomous Insects Stings, &c. Apply weak Ammonia, Oil, Salt Water, or Iodine.

Fainting. Place flat on back; allow fresh air, and sprinkle with water.

Tests of Death. Hold mirror to mouth. If living, moisture will gather. Push pin into flesh. If dead the hole will remain, if alive it will close up.

Cinders in the Eye. Roll soft paper up like a lamp lighter and wet the tip to remove, or use a medicine dropper to draw it out. Rub the *other* eye.

Fire in one's Clothing. *Don't run*,—especially not down stairs or out of doors. Roll on carpet, or wrap in woolen rug or blanket. Keep the head down, so as not to inhale flame.

Fire in a Building. Crawl on the floor. The clearest air is the lowest in the room. Cover head with a woolen wrap, wet if possible. Cut holes for the eyes. Don't get excited.

Fire in Kerosene. *Don't use water*, it will spread the flames. Dirt, sand or flour is the best extinguisher; or smother with woolen rug, table-cloth or carpet.

Suffocation from inhaling Burning-Gas. Get into the fresh air as soon as possible and lie down. Keep warm. Take Ammonia,—twenty drops to a tumbler of water, at frequent intervals.

SATURDAY EVENING, APR. 22, '93.

At Armory Hall.

On Sunday at 3 o'clock P. M., at Armory Hall, Messrs. Mason and Chandler will hold a service "for men only," to which all men and youths are cordially invited. Topic: "Wanted, Young Men—Manly Men."

Choir practice as usual this evening in the hall.

The children's meeting yesterday was a scene of great interest, not only to the contestants for the prizes of Bibles, but to their youthful companions and older friends. The following contestants won the prizes: Pruline Jackson, Ruth Mery, Orin Zuever, Alice Hampton, Winnie Northgraves, Mattie Warfield, Mattie Brooks, Willie Gnithrie, Gretchen Theil, Alex. Hampton, Zilpah Clark, Pearl Laughton and Ray Whitmore. Ray's was an especial gift in consideration of his youth and admirable manner of reciting.

The good behavior of the children at the revival meetings has been the subject of general remark, and those in charge are proud of them.

Prof. Huskew + self passed A. M.

fifty. He imitated cry of wounded
bird + drew flock of inquisitive young
orioles + "chats" about him, the
parents screaming warning calls to
same, + finally forcing them to leave
Scene of danger, only to slip back
when unobserved by parents, to have
same scene repeated. Very inter-
esting. Day perfect. Col. H. shoots
specimens with a can gun, very
curious. This P. M. Messrs Mason,
